**BLANKET STATEMENT OF NON-APPLICABILITY OF  
ANTIDUMPING OR COUNTERVAILING CASES TO IMPORTED MERCHANDISE**

---

The U.S. Government requires that the importer of record (IOR) be aware of antidumping /countervailing duty (AD/CVD) regulations and determine if one or more AD/CVD cases is applicable to the products it imports. U.S. Customs and Border Protection (CBP) enforces AD/CVD regulations at the border. At the time of entry, CBP collects cash deposits on products subject to AD/CVD at the rates established by the U.S. Department of Commerce.

Based upon the Importer's confirmation of AD/CVD non-applicability, PMK International LLC will file entries for the product(s) listed on this form and/or its attachment without payment of AD/CVD cash deposits. If the product or products are in fact within the scope of an AD/CVD case, such failure to declare AD/CVD applicability and pay associated duties at the time of import may be construed as AD/CVD evasion and subject the Importer to significant penalties.

**Further information on AD/CVD requirements can be found on CBP's website: [Antidumping and Countervailing Duties \(AD/CVD\) Frequently Asked Questions](#) | [U.S. Customs and Border Protection \(cbp.gov\)](#) as well as on the USITC's website [ADCVD Proceedings \(trade.gov\)](#) PMK International LLC highly encourages importers to become familiar with and actively use the resources provided there.**

**AD/CVD NON-APPLICABILITY CERTIFICATION STATEMENT**

As a responsible party representing the Importer of Record:

- I understand my firm's responsibility to determine AD/CVD case applicability prior to importing new products.
- I will advise PMK International LLC regarding AD/CVD applicability prior to the initial importation of new goods and will notify PMK International LLC if there are material changes to current products that may impact AD/CVD applicability.
- I am aware that I can file a Scope Ruling Request with the U.S. Department of Commerce in order to determine if my product is subject to an AD/CVD case, as outlined by the International Trade Administration (ITA) in its online document "Guide on How to File for an Antidumping/Countervailing Duty Scope Ruling Request."

**I certify that my firm has conducted the necessary research, and I attest that the products listed below and/or in the attachment are not subject to antidumping or countervailing duties. I hereby direct PMK International LLC to file our entries accordingly.**

**Importer of Record Name:**

**Blanket Date 1-year Period (365 days max.):**

**To:**

**Product/SKU Number and Description:**

(If more than one product, please use the addendum)

**Tariff Number:**

(If more than one HTS, please use the addendum)

**Country of Origin:**

(If more than one origin, please use the addendum)

**AD and/or CVD Case Number:**

(If more than one case, please use the addendum)

**Responsible Party Signature:**

**Title:**

**Printed Name:**
